MEETING OF THE PLANNING COMMISSION TO REVIEW AND DISCUSS THE PROPOSED “DRAFT” FISCAL ELEMENT OF THE GENERAL PLAN

The Planning Commission of the City of Rancho Palos Verdes will conduct a public meeting on Tuesday, June 22, 2010, at 7:00 p.m. at Hesse Park Community Building, 29301 Hawthorne Boulevard, Rancho Palos Verdes for the purpose of reviewing and discussing the “Draft” Fiscal Element of the General Plan.

Many years ago the Council directed Staff to move forward with updating the City’s General Plan, which was originally adopted in 1975 and has never been updated since. As part of this task, in 2002, a General Plan Update Steering Committee was formed to review all of the goals and policies of the General Plan and make recommendations as to whether these goals and policies need to be maintained, amended, or eliminated, and if new goals and policies need to be added. After two years, the Committee completed their task as assigned by the Council. Through the Committee's work, the City learned that although there may be a need for some minor textual changes to the goals and policies, and changes to the factual information within the Plan, for the most part the context of the existing goals and policies still applies to today.

Subsequently, in 2007, the City Council authorized Staff to hire consultants to assist Staff with the preparation of an update to the General Plan. Since then, Staff has been working with consultants on revising the document. To save substantial costs, most of the updating work is being done “in-house” by City Staff. Staff has now reached a point where it will soon be ready to release to the public various “Draft” Updated General Plan Elements that will initially be reviewed by the Planning Commission through public hearings, and eventually reviewed by the City Council through public hearings.

The purpose of this meeting will be to review and discuss the proposed “Draft” Fiscal Element of the General Plan. A copy of the “Draft” Element, the existing General Plan (including all of its Goals and Policies), and background information pertaining to the General Plan Update process, can be viewed on the City's web page through the following link:
