

Trash Collection Services During Roadwork Construction

Trash collection service will not be missed as a result of the pavement resurfacing work. It will still take place on the normally scheduled day, even if there is roadway construction work scheduled for that same day. Please just be sure to have all trash, recycling, and green waste containers on the street curb **by 7am** on your scheduled trash collection day. EDCO will collect all your items first thing in the morning prior to the road work commencing. Please avoid a missed pickup. Also, please note that due to the upcoming Labor Day holiday, your trash collection day for the week of September 6th will be delayed by one day. Please follow all of the instructions in the notices distributed by the City and the City's trash hauler, EDCO, in regards to the special holiday scheduling for trash collection.
